### EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Ms. Tsang on 02/28/07.

The application has been amended as follows:

In the claims:

In claim 1, line 3, --and each of the plurality of branched spikes corresponds to a non-branched spike extending from a side of the base from a point opposite of the branched spike-- was entered after "points".

Claim 6 was canceled.

In claim 7, line 1, --5-- was inserted in place of "6".

In claim 13, line 4, --and each of the plurality of branched spikes corresponds to a non-branched spike extending from a side of the base from a point opposite of the branched spike-- was entered after "points".

In claim 18, line 4, --and each of the plurality of branched spikes corresponds to a non-branched spike extending from a side of the base from a point opposite of the branched spike-- was entered after "points".

The following is an examiner's statement of reasons for allowance: the prior art of record fails to teach the use of spikes including a trunk and a plurality of branches; wherein, the branches are opposing branched and non-branched spikes.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
